

THE NIGHT WATCH

June 1983

(Meetings are held at 7:30 pm, on the third Friday of the month in Room 134, Millikan Hall, on the corner of 6th St. & College Ave., Claremont)

June 17 Meeting: The program this month will be primarily show and tell. Come prepared to share your latest projects. Tony Cook will also bring us up to date on Pioneer 10 which leaves the solar system at 5 pm, June 13.

June 11 Star Party: We will be going to Victorville this month. If you haven't been to our Victorville site before, meet at Millikan Hall at 7:30 to join a caravan.

July 9 Star Party: The sentiment of the group at a recent meeting was to have every other star party local. In July we shall therefore be at Cow Canyon Saddle.

Astronomy Day: Our weekend on the Montclair Plaza was a great success. Besides turning up a number of prospective members the event required a cooperative effort on the part of our members. We pulled together and as a result it pulled us together! Also, it provided an opportunity for many of us to meet the public and represent the club for the first time. Thanks to all who participated. This will definitely be on our calendar again next year.

Eclipse: There will be a partial lunar eclipse the morning of June 25. Mid eclipse is at 1:22 am PDT with the moon first touching the umbra at 12:14 and leaving the umbra at 2:30. See the *June Sky and Telescope* pp 531-2 for a discussion of observing projects and a description of an unusual alignment of Jupiter's moons the same night. Griffith Park will be open again all night and club members are invited to set up telescopes on the lawn. A local eclipse party is another possibility that can be discussed at the meeting.

Phone List: A tentative revision of the club phone list may be found on the reverse side of this newsletter. Please check your data and notify David Chandler of any changes or additions. We will run another corrected version in an upcoming newsletter.

A June Wedding: Not to be eclipsed this month is the marriage of two of our members: David Whittall and Blythe Bennett. Congratulations to both for a wedding that was clearly made in the heavens!
